What~? That's really too bad! I have it on DVD, so I'll bring it with a portable player I have sometime! ♥
I'd be glad if you were interested.

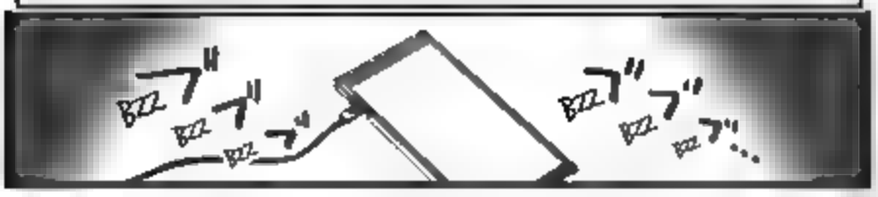
HINT 3 ◎She asks you what your type is

What's your type when it comes to girls? You're single now, right? I'd like to know what kind of girls you've dated in the past. You haven't dated any celebs or anything, right?! Of course not, right?!



HINT 4 ◎She tells you what her type is

By the way, I guess my type is the kind of boy who has dead eyes, but in a good way, chestnut-colored hair, comes off as quiet and has a certain aura about him (lol)

HINT 5 ◎You notice her watching you
